

Course Outline

BSB30707 Certificate III in Occupational Health & Safety

This qualification reflects the role of skilled operators who apply a broad range of competencies in varied work contexts, using some discretion and judgement and relevant theoretical knowledge. They may provide technical advice and support to a team. This qualification is for people whose main job is not dedicated to OHS but who take it on as a voluntary duty.

Job Roles

Job roles and titles vary across different industry sectors. Possible job titles relevant to this qualification include:

- Health and Safety Assistant
- Health and Safety Committee Member
- Health and Safety Representative.

There are no specific pre-requisites for this qualification, however some language, literacy and numeracy skills will be required; if this poses any difficulty at all, discuss with your Work Plus Development + Training contact person, with your workplace supervisor or take advantage of the programs offered by Work Plus Development + Training (refer participants guide).

Work Plus Development + Training use a number of different approaches to facilitate learning and assessment for this qualification. Flexibility

In order to ensure that the business and the individuals gain the most out of this qualification, a flexible approach is taken by Work Plus Development + Training, which includes:

Undertaking a Training Needs Analysis with the business and the individuals

Negotiating the “Planned Outcomes” with the business and the individuals

Conducting all learning and assessment activities at dates, times and locations suitable to all involved

Please ask your Work Plus Development + Training representative to provide you with any further information that you require – qualification rules on following page.
